

Surfshark Power Guide - The Ultimate Toolkit

Surfshark Power Guide - The Ultimate Setup & Streaming Toolkit

Step-by-Step Setup:

- Windows: Download the app -> Log in -> Click 'Connect'
- macOS: Use IKEv2 for better speed -> Enable Kill Switch in Preferences
- iOS/Android: Use WireGuard for faster streaming
- Fire TV: Sideload or use Amazon App Store -> Login -> Stream safe
- Routers: Manual setup via OpenVPN or WireGuard configs

Streaming Unlock Cheatsheet:

- Netflix US - Best Server: New York
- BBC iPlayer - Best Server: London
- Disney+ - Best Server: Los Angeles
- Hulu - Best Server: Miami

MultiHop Combos (Custom Routes for Privacy):

- Sweden -> Canada
- Netherlands -> Singapore
- UK -> Japan
- Germany -> Australia
- US -> Switzerland

Privacy Checklist:

- Always enable CleanWeb
- Use Kill Switch in public Wi-Fi

- Don't reuse passwords (use a password manager)
- Clear cookies after session

Speed vs. Stealth Settings:

- Speed mode: WireGuard + nearby server
- Stealth mode: MultiHop + CleanWeb + Kill Switch

Pro Tip: Add Surfshark to browser extensions for an even lighter footprint.
